The Rs 10000 reduction in plague expenditure may be allotted as follows:-

Reduction of	1 Clerk on Rs 30/ =	Rs 360
"	10 coolies at Rs 7/- =	Rs 840
"	Disinfectants =	3500
"	Petty works =	1,000
"	Diets =	2000
"	1 Assistant Surgeon =	1700
	1 Lady inspectress	600
		10,000

I would suggest that under the above

reductions in expenditure with the Residents approval the rewards for rat killing might be stopped from March 1st The people now are well aware of the benefit derived from keeping their houses free of rats and might be left to arrange for the destruction of rodents for themselves At any rate the rewards for mice destroyed should be stopped and greatly reduced for rats Dr W.C. Rossaks of the Plague Dept Calcutta in his pamphlet on rats and their connection with plague in India says that mice may be left out of consideration altogether as it is very rare occurrence to find them dying of plague.

In addition to abolishing or reducing the rewards for rodents I would advise the suspension of rewards for inoculation. I am of opinion that among the 100000 odd inoculations we have done in the District we have inoculated several times the only people who are willing to be done and that now they will be so immune to the effects of inoculation that they will not need rewards to compensate them for a day or two of sickness consequent loss of pay I would recommend that these two alterations in our plague routine should take effect from March 1st

FROM

FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Residency Surgeon,
Bangalore.

Dated Bangalore, 16 June 191/.

SIR,

S 24 I am directed to acknowledge the receipt of your letter No. 355, dated the 6th June 1911, requesting sanction for the reappropriation of Rs.3000/- from "24 B. Medical-Grants for Medical purposes, expenses connected with Bubonic Plague" to meet the expenditure connected with Furniture and Fittings for the Bowring and Lady Curzon Hospitals in the current year's budget of the Assigned Tract.

2. In reply I am to enquire whether the allotment of Rs. 1700/- sanctioned for Hospital furniture and fittings in the current year's Budget has already been expended and whether the actual outlay under this head has exceeded the Budget Grant by Rs. 3000/- It would seem rather premature to divert for this purpose to any large extent funds provided for expenses connected with bubonic plague. I am therefore to suggest that further expenditure on Hospital fittings may be postponed until December next when the feasibility of reappropriating funds can be better
